ABOUT

Software development allows me to use my mathematical education and my ability to think logically to create websites featuring smooth functionality for the user. It also gives me an artistic outlet in the design of the websites. Knowing that something that I've created has the potential to help others is what motivates me to succeed in this field.

PROJECTS (Linked to Github)

EXPERIENCE

North Park Lincoln-Accounts Payable Manager

2014-2017, San Antonio, TX
Maintained a healthy relationship with the company's vendors by sending timely payments. I also managed several of the vendor accounts for our parent company. I also verified vendor tax information in advance of issuing annual 1099 tax forms.

Massage Envy-Licensed Massage Therapist

2011-2014, San Antonio, TX
I applied the techniques of scientific massage to assist in the rehabilitation of sprains, fractures, and dislocations, as well as to help eliminate the pain from neurotic, arthritic, and rheumatic conditions.

Alamo Music Center-Cashier/ Receptionist

2009-2011, San Antonio, TX
As the first face seen by customers, I greeted them and directed them to the proper area for their specific needs. When needed, I assisted the salesman by answering customers' general questions about the store's inventory and/or policies.
